

## What makes Sentricon<sup>®</sup> with AlwaysActive<sup>™</sup> the best termite control method for your home?

### 1) You're Protected 24/7/365:

Sentricon<sup>®</sup> with AlwaysActive<sup>™</sup> is always in the ground protecting your home 24/7/365. The specially designed bait doesn't break down in the harsh Arizona climate and never dissipates into the soil. Our Certified Sentricon Specialists<sup>™</sup> regularly monitor each station to ensure you stay protected day after day, month after month, year after year.

### 2) Get The Best Of Both Worlds:

Not only do you get the long-term, proactive protection of Sentricon<sup>®</sup> with AlwaysActive<sup>™</sup>, but you also receive the traditional liquid treatment to gain immediate control of your existing termite activity.

### 3) Go Green:

The Sentricon<sup>®</sup> System is the first and only termite product to be awarded the Presidential Green Chemistry Challenge Award by the U.S. Environmental Protection Agency. The unique design of Sentricon<sup>®</sup> with AlwaysActive<sup>™</sup> eliminates the need to inject hundreds of gallons of chemical into the ground, while providing premium termite protection.

### 4) No Drilling!:

There's rarely a need to drill your patios, tile, flagstone, etc. when you have Sentricon<sup>®</sup> with AlwaysActive<sup>™</sup>. It also eliminates the need to trench and disrupt your landscaped areas. Our licensed technicians simply install the stations in the soil around your home creating a protective ring.
